1.0 About

Token Logic is an Initial Coin Offering (ICO) cloud investment platform that finally enables ICO investors of every ability level to make and monitor ICO investment moves with the best available foresight and highest chances of financial success. Advanced AI is drawn upon during this process—but it's no mere robot overseeing your funds.

Token Logic's world-leading blockchain startup and crypto analysts, investors and forecasters step up to guide your investments, dispersing them intelligently across each of the world's countless ICOs we deem the most profitable.

From our Hong Kong base, we conduct total vigilance across the shifting ICO landscape and channel every possible profit into your pocket. Our entire team thrives off maximizing your income via wise ICO investments, as well as providing you with industry-topping daily interest rates direct to user wallets.

With so many ICOs released it is impossible to enforce standards or guarantee completion at all—so how do you know which to invest in and which to avoid? Whether by intentional scam, unforeseen error or simple market hiccup, the ICO is a temperamental beast and daunting investment. Not every ICO leads to richness. And many have learned this the hard way.

Now master this exclusive realm with Token Logic by investing in the very best ICOs and privatized pre-sales. And avoid hours researching market forecasts and sleepless nights watching savings evaporate. No

expensive computers, no confusing buzzwords—simply sit back and relax as your investment is handled by the world's best ICO analysts, investors and forecasters.

[S]imply sit back and relax as your investment is handled by the world's best ICO analysts, investors and forecasters.

A potent ICO will have a strong vision, real support, that indescribable feeling of a genius concept, that sense of some fresh difference. Avoid the endless pitfalls that catch out the amateur ICO investor and enjoy the glory that is out there. No concerns about anonymous teams, irregular forecasting, dubious credentials, illogical roadmaps or the chance your investment will vanish altogether.

Collect leading daily interest rates. Make expert moves braver yet safer than you ever would. would ever make. Meet like-minded individuals in a vibrant global community. Benefit from exclusive competitions, giveaways, industry exclusives, and much more. And enjoy simple, instant funds withdrawal at all times.

No contracts, no stress, no scams. Just interest, success and satisfaction. Don't bodge it—use Token Logic for ICO investment success.

1.2 Our Team

Token Logic is proud to provide market-leading interest figures and it is all possible thanks to the belief held in our international pro ICO investment team.

FRANK HERMAN (CEO)

Frank is the visionary leader of the Token Logic team. Regarded throughout the crypto realm, he is responsible for every major platform development, and for managing global operations and resources.

GÉRARD LAMBERT (CTO)

Gérard is the man in the lab coat governing each of Token Logic's scientific and technological advances. He runs the platform's busy R&D sector, overseeing every advance with trademark enthusiasm.

EVA LARSON (CIO)

Eva provides her unique brand of expertise across Token Logic's many internal business technologies. She also heads the ongoing maintenance of its infrastructure, guaranteeing the smoothest experience for all users.

2.0 Invest

Token Logic provides a range of ICO investment plans to suit the needs of every user. We guarantee our users a swift 150% total return on every investment. It has never been simpler and more profitable to engage in the thrilling world of ICO investment. From first-time investors making small deposits to experienced ICO supporters tapping into the benefits of bigger investments.

2.1 Plan Overview

Every Token Logic ICO investment contract runs for 30 – 50 calendar days and your principal is included in daily interest. After each investment—and with the principal sum included in daily payments—you will receive a significant total return of 150% with 50% net profit!

Here is how our original investment plan works:

For investments of 0.001 – 10 BTC you will enjoy 3% interest payments for consecutive 50 days after investment.

In addition to this original investment plan, Token Logic presents two more popular plans to meet the needs of our larger-scale investors.

Those making deposits of **0.1 – 20 BTC will enjoy a 3.75% daily interest rate for 40 consecutive days.**

While those depositing **0.5 – 100 BTC will enjoy our most exclusive daily interest rate of 5% for 30 consecutive days.**

The scale is simple: the more you invest, the faster you receive your 150% total return. Each of Token Logic's three investment plans can be individually applied to as many ICO investments as you wish, providing total flexibility and boosted profitability the Token Logic way.
